Bill No. SB161

January 21, 2011

Mr. Chairman and Committee members, my name is Judy Woolley; I'm a resident of Plains in Sanders County. Thank you for the opportunity to address you this afternoon.

I strongly support Senate Bill 161 to declare that the state of Montana and its residents will not be forced to participate, fund or tolerate the Patient Protection and Affordable Care Act of 2010 and the Health Care and Education Reconciliation Act of 2010.

I have corresponded with Governor Schweitzer and Attorney General Steve Bullock and am not satisfied with their acceptance of this federal mandate which will go far to ruin our state and our nation.

This feather in the cap of socialists, within our United States, needs to be plucked and you have the power to do so.

I respectfully urge you to support SB161 without amendments or attachments.

Thank you.
